- **Kurukshetra University - Bachelor of Science- Computer Science** 2006 – 2009
- **Guru Jambheshwar University - Master of Computer Applications:**2009 - 2012
- **Kurukshetra University - Bachelor of Science- Computer Science:**2009 - 2012

TECHNOLOGY USED

Employee Pension Plan
Web languages
AngularJs, CSS, HTML, C#, .NET, JS, Sitecore
Tools Used
CCnet, TFS, Version one, IDE Framework 4.5
Database
SQL-Server 2012, Oracle
Key Features
- Supports oracle and SQL both
- Agile methodology
- Customized functionalities based on client requirements

Employee Pension Plan
Web languages
React JS, Node JS
Tools Used :
IDE Visual Studio Code, GIT

Migration Projects
Microsoft.com
Tools Used
CSS, HTML, SharePoint Server, One CMS, Java Script

Key Features
Migration of data for public sectors sites to 72 different locations

ERP Implementation
Web languages
C#, .NET, Java Script
Tools Used
Microsoft Visual Studio 2008, .NET framework 3.5, ADO.NET, Web Services
Database
SQL-Server 2008
Key Features
- 3 Layered architecture

ACCOUNTABILITIES

1)Employee Pension Plan (My Plans Connect Dev-MPC)
Mercer pension plan is a revolutionary real-time platform used by 100+ clients in USA as part of employee financial wellness. It facilitates users to estimates retirements plans and start actual commencement for active employee of the company. It also handles all the payments generated for the employees.
